Limited 1 Year Warranty

Showertek® warrants that for the period of one year this product will be free from defects in material and workmanship. Showertek®, at its option, will repair or replace this product or any component of the product found to be defective during this warranty period. Replacement will be made with a new or remanufactured product or component. If the product is no longer available, replacement may be made with a similar product of equal or greater value. This is your exclusive warranty.

This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. Keep the original sales receipt. Proof of purchase is required to obtain warranty service. Showertek® dealers, service centers, or retail stores selling Showertek® products do not have the right to alter, modify or in any way change the terms and conditions of this warranty.

This warranty does not cover normal wear of parts or damage resulting from any of the following: negligent use or misuse of the product, use contrary to the operating instructions, disassembly, repair or alteration by anyone other than Showertek® or an authorized service center (this includes damage due to use of tools or harsh chemicals). Further, the warranty does not cover Acts of God, such as fire, flood, hurricanes or tornadoes.

Showertek® shall not be liable for any incidental or consequential damages caused by the breach of any express or implied warranty. Except to the extent prohibited by applicable law, any implied warranty or merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty. Some states, provinces or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state or province to province.

HOW TO OBTAIN WARRANTY SERVICE

Attach a tag to the product that includes your name, address, daytime telephone number and description of the problem. Include a copy of the original sales receipt. Carefully package the product and send either by UPS or Parcel Post with shipping and insurance prepaid to:

PRODUCT INFORMATION

Guaranteed Fog Free

Installed properly, a trickle of shower water will be diverted from the shower stream, sprayed on the back of the mirror and will then flow out of the bottom of the mirror to the shower floor. This trickle of diverted shower water will keep the mirror fog free no matter how hot you make your shower.

Free-Spinning Connector

Makes mirror installation easy. Allows mirror to hang on either right or left side of showerhead.

Shower Flow Control Valve

Reduces water flow through the showerhead down to a trickle. Helps save water while shaving, facial cleansing and soaping up.

If valve is used for pausing, no remixing of hot and cold water is needed once full flow is reestablished.

Flexible Arm

The adjustable arm allows you to easily move the mirror into the most comfortable position for good viewing.

Tempered Glass Safety Mirror

Do not use abrasive cleansers to clean the mirror. Clean only with nonabrasive cleansers and a soft cloth.

Keep water droplets from spotting the mirror surface by wiping the mirror dry with a towel after each use.

Teflon® tape

Teflon® tape is included for sealing the threads of the mirror-to-shower-wall plumbing connection.

Mirror Flow Control Valve

Turns on and off the trickle of diverted shower water used by the mirror to stay fog free.

IMPORTANT: Valve must be in OPEN position for proper mirror defogging.

Valve is in OPEN position when water drips from mirror bottom while shower water is flowing.

Razor Hanger

Razor hanger can be snapped into any of the four drainage holes in the back of the mirror to obtain the most desired razor hanging location.
